

Today we have ended redesigning website for the **Arcelor Ironworks Warsaw** [www.arcelormittal-warszawa.com](http://www.arcelormittal-warszawa.com)

**Arcelor Ironworks Warsaw** is a part of Arcelor Concern, which a very well known producer of qualified and special steel offering over 500 types of steel for different usage. Their products are used in vehicles and machines production as well as in plastic rearrangements.

Arcelor Concern was established in 2002 as a fusion of three ironworks groups: Spanish Aceralia, Luxemburg Arbed and French Usinor. Nowadays, Arcelor has its plants in 60 countries and employs over 96 thousand people. In 2005 Arcelor gained sales of 32,6 billion Euros. The company is a leading supplier for vehicles, building, home appliances and wrapping markets.
